New EdMAP Textbook Options

Be Wise – Be Advised!

Textbook Rentals, Used Books and E-Texts are great new options help you save money. Here are some VERY important tips to consider before selecting these options!

Rentals:
- Read the rental agreement carefully – there is a lot of fine print!
- You will be charged a restocking fee and have to pay for return shipping if you return a rental book for any reason – including having a class cancelled by CCV or dropping a course.
- The return period for refund is very short – 15 days from the original shipping date.
- Rental books do not include CDs or web access codes that sometimes come bundled with new textbooks. If your instructor requires these materials, you’ll have to purchase them separately from the textbook publisher.
- CCV Textbook vouchers may be used to rent a book, but you must also provide a credit card number to be held on reserve. If your book is not returned on time, additional charges will be billed. RETURN ON TIME – or face expensive consequences!

Used Books:
- Some instructors require new books that include supporting materials – include CDs or web access codes, etc. Typically, USED versions of the text will not include these supporting resources. Before you choose used, be sure your instructor does not expect you to have those extras.
- If your class is cancelled, you can’t return those resources for refund if you have already opened them.
- At the end of the course, you won’t be able to sell those resources back to the publisher, and the passwords for online materials typically will expire before a new term begins.

E-Text:
Coursesmart e-Textbooks are eligible for a returns and refunds under very limited circumstances:

To get a full refund, BOTH these things must be true:
- You have not redeemed any redemption code that came with the e-Text.
- It has been less than 14 days since you bought the book.

If you have redeemed the redemption code, you can still get a refund if ALL of the following are true:
- It has been less than 14 days since you bought the book.
- No more than 20% of the e-Textbook content has been viewed or printed.
- No one has opened or viewed the access code for any online resources included with the e-Textbook.
- If you have checked out your e-Textbook to read it offline, you have since checked it back in again.

(If the guidelines above are not met, CourseSmart products are no longer returnable or refundable.)

- These policies only apply to CourseSmart e-books. If you are using e-Books on VitalSource or some other platform, there are NO returns and NO refunds at all.
- You should wait and order your E-texts – once you are certain your course will run. To be safe, wait until the start of your course. You have access to your e-Text instantly upon purchase, so you won’t be caught without it.
- E-texts work on many devices. Confirm that your device will work before purchase.
- Some classes may be a better fit for e-texts than others. Contact your instructor if you are unsure.

WAIT to Order Rentals, Used Books or E-Texts
- Because the refund windows are so very brief, you should wait and order your rentals, used and e-texts until you are certain your course will run.
