Mission Statement

The Community College of Vermont, a Vermont State College, supports and challenges all students in meeting their educational goals through an abiding commitment to access, affordability, and student success.

About This Report

The Community College of Vermont prepares this report in compliance with the Jeanne C. Clery Disclosure of Campus Security Policy and Crime Statistics Act. This report can be found on the CCV website at: <http://ccv.edu/documents/2013/11/ccv-public-safety-report.pdf>.

In November of 1990, Congress passed the Crime Awareness and Campus Security Act, which amended the Higher Education Act of 1965. This act required all postsecondary institutions participating in Title IV programs to disclose security information and campus crime statistics for the three preceding calendar years. It was amended in 1992, 1998 and 2000. The 1998 amendment renamed the law the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). In October 1998, Congress required colleges and universities to report campus crimes according to location (campus, non-campus, public property) as well, as crimes involving manslaughter and arson. Liquor, weapons and drug offense statistics include college disciplinary actions as well as arrests.

The Clery Act was amended by the Higher Education Opportunity Act (HEOA) of 2008 to require disclosure of emergency response policies and evacuation procedures. The HEOA also increased the list of reportable crimes to include hate crimes in the annual security report, as of October 1, 2010. The HEOA requires the reporting of hate crimes in four additional categories: Larceny-Theft, Simple Assault, Intimidation and Destruction/Damage/Vandalism of Property (except arson).

The Violence Against Women Reauthorization Act (VAWA) was passed in March 2013. VAWA, in pertinent part, amended the Clery Act to add domestic violence, dating violence and stalking to the list of crimes that institutions must report. The categories of bias for hate crimes were expanded to include bias based on the victim's actual or perceived gender identity or national origin, in addition to the previous categories of race, gender, religion, sexual orientation, ethnicity, and disability.

This report provides data collected from all twelve CCV Academic Centers and local and state police departments and by incident reports filed by faculty, staff and students. These reports are analyzed and compiled by the Dean of Administration and the Dean of Students and staff.

The same policies and procedures apply to each of CCV's Academic Centers. CCV does not have any on campus student housing facilities, nor does it have any officially-recognized student organizations with off-campus locations.

Each year, an email notification is made to all enrolled students, faculty and staff that provide the web site to access this report. Copies of this report may also be obtained by contacting:

Safety at CCV

The Community College of Vermont is committed to providing a safe environment for its students, faculty and staff and has policies and procedures that address the [crime awareness act](#), [center safety and security](#), [hate crime reporting](#), [weapons](#), [emergency response and evacuation procedures](#), [drug and alcohol use](#), [timely warnings](#), [sexual assault and harassment](#), and [disruptive persons](#).

Reporting Criminal Incidents and Emergencies

CCV does not employ a campus security force, but fosters a close relationship with local police, fire and other emergency departments and personnel. In addition, effective July 1, 2016, the VSC has entered into a Memorandum of Understanding with the Board of the Vermont Special Investigation Units to allow for the exchange of information and coordination of investigations involving sexual assaults and other sex based crimes where the alleged victim is affiliated with CCV at the time of the incident and consents to the sharing of information.

Incidents that occur at a CCV center, and may be criminal in nature, may be reported by the College for investigation by the local law enforcement authority. CCV is committed to working with and facilitating investigations in a timely and effective manner. CCV encourages anyone who is a victim or witness to any crime to promptly and accurately report the incident to the police. CCV also encourages the accurate and prompt reporting of all crimes to the appropriate law enforcement agencies when the victim is unable to make such a report. Accurate and prompt reporting of all criminal incidents and emergencies, as well as bias-motivated incidents, is the responsibility of all CCV community members.

Voluntary Confidential Reporting

If you are the victim of a crime, but do not wish to pursue a criminal complaint or internal administrative action, you may still want to consider making a confidential report. With your permission, your academic advisor or your center's executive director can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. If applicable, confidential reports are counted and disclosed in the annual crime statistics for CCV, without disclosing the reporter's personally-identifiable information.

Professional Counselors

CCV does not offer counseling services; however, an individual may seek support and resources as designated below. Confidential community resources will not share information with the College nor will speaking with a community resource trigger action by CCV, unless there is imminent threat to self or others.

Administration at 802-828-2800 and Linda Lawrence, Assistant Director of Operations at 802-654-0650 (0650 within CCV).

Security and Access

The Community College of Vermont owns, leases and maintains its academic centers for the primary purpose of meeting its mission of teaching and learning. During their hours of operation, [CCV's facilities](#) will be open to students, employees, guests and invitees. During non-operation hours, doors will be locked. Individuals with administrative responsibility for each academic center will have access afterhours to the center.

Timely Warnings

When CCV has confirmed that a significant emergency or dangerous situation exists, the College will take into account the safety of the campus community, determine what information to release about the situation, and begin the notification process. The names and identifying information of victims will be withheld from warnings. CCV will not issue a notification for a confirmed emergency or dangerous situation if doing so will compromise efforts to assist a victim, contain the emergency, respond to the emergency, or otherwise mitigate the emergency. For example, a notification might not be released at the request of local law enforcement or fire department officials.

The decision to issue a timely warning will be made on a case by case basis through consultation with local law enforcement, CCV' dean of administration, CCV executive directors, or other appropriate College personnel. Timely warning are distributed through the College's RAVE emergency notification system. All current students, faculty and staff are automatically enrolled to receive RAVE alerts unless they specifically choose to NOT receive them. RAVE provides broad based or targeted communication notifications to students, staff and faculty on mobile phones, email and land lines. In most instances, the dean of administration or the assistant director of operations will issue the alert.

Emergency Response and Evacuation Procedures

CCV will immediately notify the CCV community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of students or employees occurring on any (or all) of CCV's academic locations. An immediate threat includes an imminent or impending threat such as a fire raging in a building, the approach of an extreme weather event (such as a hurricane), earthquake, gas leak, terrorist incident, armed intruder, bomb threat, explosion, civil unrest or rioting, nearby chemical or hazardous waste spill, or an outbreak of meningitis, norovirus or other serious illness. A power outage, snow closure, or a string of thefts would not necessitate an emergency response.

In the event of an emergency situation that threatens one or more CCV locations, a warning

alert will be sent to the CCV community, advising them of the threat by means of a RAVE alert. Additional information will also be posted on the CCV website and/or portal.

Each CCV academic center prepares for and drills twice per year for emergency evacuations and intruder alerts. Procedures are posted in classrooms, common areas, and are available from the front desk at each academic center. Drills are routinely coordinated with local emergency response teams to ensure that procedures are appropriate and to promote a cooperative relationship between the college and local emergency response teams. Drills are reported to the Assistant Operations Manager along with any irregularities that may have occurred. CCV announces every drill at least 15 minutes before starting.

CCV's Crisis Management Team is comprised of the following individuals who are responsible for receiving information relating to incidents and situations, evaluating and confirming the level of emergency or threat to the college and managing the notification process. Joyce Judy, President; Barbara Martin, Dean of Administration; Pam Chisholm, Dean of Enrollment Management; Tapp Barnhill, Executive Director and Linda Lawrence, Assistant Director of Operations. This team will be supplemented and supported by other college individuals based upon the unique circumstances of the incident including CCV's marketing and communications team to coordinate and manage internal and external communications.

Substance Use and Abuse

CCV intends to maintain a positive working and learning environment in its centers, classrooms, and at its related events. CCV prohibits the use of illicit drugs and/or drugs not prescribed by a medical professional, and restricts the use of alcohol and/or tobacco products, or any substances that inhibit healthy academic or professional interaction by staff, students, or faculty members.

1. Any persons suspected of possessing, using, or distributing illicit drugs at the college or college-related events may be questioned immediately by a supervisor or other appropriate college official.
2. Anyone who possesses, uses, or distributes illicit drugs at the college or college-related events may be dismissed from employment, other contractual or professional responsibilities, or academic programs.
3. The Anti-Drug Abuse Act of 1988 requires that employees convicted of illicit drug use in the work place report such convictions to their employer within five days; the college must then report such convictions to the appropriate federal agency within ten days.

4. Alcohol may not be served at CCV academic centers.
 - a. In rare instances, exceptions may be made. Alcohol may not be present or provided without the expressed written permission of the executive director and the president.
 - b. At appropriate off-site CCV functions, alcohol may be served if it is legally permitted and where non-alcoholic beverages are also available.
 - c. Alcohol may not be served or paid for by the College, under any circumstances.
5. All CCV academic centers are designated as non-smoking areas. Smoking is defined as the burning, lighting or use of a tobacco product and any other smoking device that includes, but is not limited to cigarettes, cigars, electronic cigarettes (e-cigarettes), and pipes.
6. At the discretion of each academic center, smoking may be permitted in designated outside areas. In the case of off-site classroom facilities, CCV will comply with the smoking policies established by the facility management.
7. The College will make available educational materials and programs related to alcohol and substance use and abuse, including referral information on counseling and rehabilitation. CCV has provided students access to KNOW YOUR LIMIT, an online alcohol awareness and prevention learning program. The course helps students learn how to be safe by developing the necessary skills for responsible drinking. Upcoming students will also have the opportunity to participate in an additional course, HEALTHY ALCOHOL CHOICES, which covers moderating drinking, interventions and the importance of using designated drivers. Students are provided research and community organizations are invited to share resources and information about drug, alcohol and tobacco cessation and recovery support programs.
8. Persons whose behavior violates this policy will be subject to the provisions of the Disruptive Persons policy.

Policy 311: Non-Discrimination and Prevention of Harassment and Related Unprofessional Conduct

Policy 311 prohibits discrimination and harassment on the basis of a person's race, color, ancestry, ethnicity, national origin, place of birth, sex, sexual orientation, gender identity, creed, religion, disability, age, veteran status, marital status, genetic information, positive HIV-related blood test results, or any other status protected by state or federal laws. Sexual harassment is illegal and CCV will not tolerate sexual harassment of its students and employees, nor will the College tolerate unprofessional conduct which leads to and is associated with sexual harassment.

In the academic context, sexual harassment may be used to describe a wide range of behavior between students, between employees, or between students and employees. Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment.

PREVENTING AND RESPONDING TO SEXUAL MISCONDUCT, DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT, AND STALKING

Sexual misconduct often creates difficult emotional issues for the individual. Through regular educational programs, CCV seeks to promote awareness and to inform students of risk reduction strategies and of the steps to take in the event of sexual misconduct. Copies of, or links to, Policy 311-A are made available annually to all students and employees.

Victims of SEXUAL MISCONDUCT, DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT, AND STALKING have the option to:

- Notify law enforcement;
- Obtain assistance from campus authorities in notifying law enforcement; or
- Not notify law enforcement.

A victim who chooses not to notify law enforcement immediately has the option to notify law enforcement at a later time. A victim may also choose to pursue a criminal complaint and a complaint through CCV’s institutional disciplinary procedures simultaneously.

CCV is committed to taking action against those who violate code of conduct policies. A sexual misconduct violation can result in consequences up to and including criminal charges and dismissal from the College. The College is also committed to assisting individuals, regardless of whether the conduct occurs on or off campus.

If you are a victim of sexual assault:

- Get to a safe place as soon as possible. Contact a trusted person for support. This could include parents, a friend, or any of the resources listed below.

- Preserving evidence that may assist in proving that an alleged criminal offense occurred is important and may be helpful in obtaining a protective order. Do not wash, go to the bathroom, or change clothing, if it can be avoided. This will help to preserve physical evidence, should you choose to take legal action. If you must change clothing, all of the clothing worn at the time of the assault should be put in a paper bag (not plastic).
- Seek medical attention as soon as possible.
- Decide what actions to take (see below)

Everyone is strongly encouraged to report alleged violations. All CCV employees shall report any alleged violation of which they are aware or made aware to the Director of Human Resources (Title IX Coordinator). If the alleged violation is reported to any official at the College, the general information will become part of the College's crime statistics. Personally identifiable information about victims will not be included in any publicly available record keeping, including the reporting and disclosure of annual crime statistics.

CCV will provide victims with a written explanation of their rights and options. Choosing not to request official action at the time of the incident does not preclude requesting action at a future date, although the process of adjudication becomes more difficult over time. Please note, that where circumstances warrant, CCV may report and/or investigate an alleged violation even if an alleged victim chooses not to file a complaint. Alleged victims are not obligated to cooperate in this process.

The institutional disciplinary process shall provide a prompt, fair, and impartial investigation and resolution. The process will be conducted by officials who receive annual training on issues related to sexual misconduct (including sexual assault), domestic violence, dating violence, and stalking and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. CCV will use the preponderance of the evidence standard (i.e. whether it is more likely than not that a violation occurred).

The accuser and accused are entitled to the same opportunities to have others present during a disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by an advisor of their choice. Both the accuser and accused shall be simultaneously be informed, in writing, of: (a) the outcome of any College disciplinary proceeding that arises from an allegation of sexual misconduct, domestic violence, dating violence, or stalking; (b) the College's appeal procedures; (c) any change to the result that occurs prior to the time that the result becomes final; and (d) when the result of the disciplinary proceeding becomes final.

PROTECTIVE MEASURES

Upon request, the Title IX Coordinator, with the assistance of other VSC officials as appropriate, will work with victims of sexual misconduct, domestic violence, dating violence or stalking to determine whether alternative academic, transportation, working and/or living situations or other protective measures, if reasonably available.

CCV will make such accommodations or provide such protective measures if a victim requests them and if they are reasonably available. Individuals do not have to file a formal complaint, participate in a disciplinary process, or file a criminal complaint in order to request such help from CCV. Examples of possible measures that may be taken prior to the final outcome of any disciplinary process or criminal charge, include: changing academic or work schedules; permitting students to withdraw from or retake a class without penalty; facilitating access to academic support services; changing residence hall assignments; providing information about existing counseling, health, mental health, victim advocacy, legal assistance and other services available for victims at CCV and in the community; issuing no contact and no trespassing orders; and increasing security. If requested, CCV will maintain as confidential any accommodations or protective measures provided to victims to the extent that maintaining such confidentiality does not impair CCV's ability to provide the accommodation or protective measure.

Any measure taken should seek to minimize the burden on the victim while respecting the due process rights of the person accused of engaging in the prohibited conduct. The imposition of any of these measures does not indicate a presumption of guilt, nor does it preclude subsequent disciplinary action. A no contact order in and of itself does not constitute discipline and will not appear in an employee's personnel file or on a student's disciplinary record, but refusal to comply with a no contact order (or other interim measure) is a violation of policy and may result in disciplinary action. A no trespass notice prohibits the presence of an individual in a designated area. Such notices are legally enforceable and, if violated, may lead to arrest.

COURT ORDERS

CCV is committed to ensuring the safety and well-being of individuals who are being or who may have been subjected to sexual misconduct, domestic violence, dating violence, sexual assault, or stalking. Such individuals may have the right to obtain orders of protection, restraining orders and/or relief from abuse orders from Vermont courts. Upon request, CCV will assist individuals in making contact with law enforcement authorities and other external resources to seek such orders. This assistance is available regardless of whether an individual chooses to file a complaint with CCV.

OVERVIEW OF DISCIPLINARY PROCEDURES

The following is an overview of the disciplinary process. A copy of the [full disciplinary procedures](#) that will be followed in cases of sexual misconduct (including sexual assault), domestic violence, dating violence, and stalking can be found on the CCV website on the following page: <http://ccv.edu/learn-about-ccv/policies-procedures/sexual-misconduct-assault/>.

CCV may investigate and pursue disciplinary action against a person accused of violating Policy 311-A even if the alleged victim chooses not to file a formal complaint. Once a formal complaint has been filed, alleging that an incident of sexual misconduct, domestic violence, dating violence, or stalking has occurred, the respondent whose conduct is the subject of the complaint will be notified of the allegations and given a copy of the complainant's written statement.

The Investigation

Two impartial, qualified, and trained investigators will be appointed. The investigators shall conduct an investigation that is thorough, impartial, and appropriate under the circumstances. The nature and scope of the investigation is within the discretion of the investigators. The complainant and respondent will be asked to identify relevant evidence they would like the investigators to review, as well as witnesses they would like the investigators to interview and questions they would like the investigators to ask the witnesses. The investigators have discretion as to what evidence to pursue and witnesses to interview, depending on their determination of what they reasonably believe to be related to the issues in dispute. The parties will not be permitted to question or cross-examine each other during the course of the investigation but, if they wish, may provide a list of questions they would like the investigators to ask the other party. The investigators have discretion as to whether to ask such questions precisely as posed, or at all, depending on their determination of what questions would reasonably lead to the discovery of relevant information. Questions about the complainant's sexual history with anyone other than the respondent shall not be permitted.

At the conclusion of their investigation, the investigators shall prepare a report setting forth their findings and recommendations. Absent extenuating circumstances, the investigators' report shall be prepared within forty-five (45) calendar days of the filing of the formal complaint. The complainant and respondent will each be given the opportunity to review the investigators' report and to provide a written response to the report to the investigators within seven (7) calendar days. The final report, along with copies of the complainant's and respondent's written responses, shall be sent to the Title IX Coordinator, the responsible College Administrator ("RCA"), the complainant, and the respondent.

Student Respondents

The RCA is not bound by the investigators' report and may accept or reject the investigators' recommended conclusion in whole or in part, or may request additional relevant information before making a final determination. The complainant and the respondent may choose to meet with the RCA before a final determination is made. The RCA shall issue a determination as to whether a violation has occurred. If the RCA determines that the respondent has engaged in conduct that violates Policy 311-A (or other CCV policies, if applicable), the RCA shall impose disciplinary sanctions on the student.

Possible disciplinary sanctions include verbal and written warnings, written reprimands, education, counseling, loss of privileges, probationary status, suspension, dismissal/expulsion, revocation of degree, and/or withholding of transcript or other action determined to be appropriate under the circumstances. The sanctions of probation, and suspension will be for a particular period of time, ranging from a number of days to a number of semesters, as determined on a case-by-case basis. Regardless of the finding, other action may be taken as appropriate under the circumstances, including but not limited to room changes, class changes, building restrictions, extracurricular activity restrictions, modification of no

contact orders, and other actions to preserve the rights of the complainant to a safe environment.

The complainant and respondent will be notified, simultaneously and in writing, of: (1) the RCA's determination; (2) the disciplinary sanctions, if any, to be imposed; and (3) the procedures for complainants and respondents to appeal the determination and disciplinary sanctions. A copy of the RCA's determination shall be sent to the Title IX Coordinator. Absent extenuating circumstances, the RCA will endeavor to issue a determination as to whether a violation of VSC's policies has occurred and the imposition of any sanctions (or other action) within seven (7) calendar days after receiving the investigators' report, obtaining additional information, or meeting with the parties, whichever is later. This period may be extended, with written notification to the parties, if the RCA determines that further information or investigation is needed.

Both the complainant and respondent have the right to appeal the outcome on the following grounds: (1) procedural error where the error prevented fundamental fairness; (2) the discovery of previously unavailable evidence that could significantly impact the outcome of the case; (3) the determination is arbitrary and capricious; or (4) the sanction is substantially disproportionate to the findings. Within seven (7) calendar days of receiving the final determination and any discipline or sanctions imposed, the parties may appeal to the President of the College (or the President's designee) by delivering a written statement of appeal to the President and to the Dean of Students. The Dean of Students shall notify the other party of the appeal and the other party shall be given seven (7) calendar days in which to submit a written response to the appeal to the President (or the President's designee), with a copy to the Dean of Students. Both parties will be informed simultaneously and in writing, of (1) any change to the discipline and/or sanctions imposed while the appeal is pending, and (2) the final decision. The decision of the President (or the President's designee) is final.

Employee Respondents

The RCA is not bound by the investigators' report and may accept or reject the investigators' recommended conclusion in whole or in part, or may request additional relevant information before making a final determination. After considering the investigators' report and any such additional information, the RCA shall notify the complainant and respondent, simultaneously and in writing, of the RCA's initial determination as to whether a violation of Policy 311-A (or a violation of any other policy, agreement or handbook, if applicable) occurred and shall outline the discipline, if any, being contemplated. The complainant and respondent may each request to meet with the RCA, before a final determination is made, and may be accompanied by an advisor of their choosing.

After any such meetings, the RCA shall notify the complainant and respondent, simultaneously and in writing, of the RCA's final determination as to whether a violation of Policy 311-A (or a violation of any other policy, agreement or handbook, if applicable) occurred and the disciplinary action(s) to be imposed. The RCA shall also notify the complainant and respondent, in writing, as to any right that the parties may have to appeal the determination and disciplinary action, pursuant to the relevant employee collective bargaining agreement or the VSC personnel handbook for those employees not covered by a collective bargaining agreement. A copy of the RCA's determination shall be sent to the Title IX Coordinator. Absent extenuating circumstances, the RCA's final determination as to whether a violation

of CCV's policies has occurred and the imposition of any discipline (or other action) within seven (7) calendar days after receipt of the investigators' report.

Disciplinary action under existing policies and/or contracts may include verbal warnings, written warnings, written reprimands, probation, suspension, termination of employment, non-renewal of a contract, or other action determined to be appropriate under the circumstances. The sanctions of probation and suspension will be for a particular period of time, ranging from a number of days to a number of semesters, as determined on a case-by-case basis. Additional non-disciplinary outcomes, such as extending and modifying no contact orders, may also be imposed, regardless of the finding, to preserve the rights of the complainant to a safe environment.

In cases where the respondent is an employee, the right to appeal shall be governed by the relevant employee collective bargaining agreement or the VSC personnel handbook for those employees not covered by a collective bargaining agreement. Both parties will be informed simultaneously and in writing, of (1) any change to the discipline and/or sanctions imposed while the appeal is pending, and (2) the final decision.

Education and Prevention Programs

CCV has educational programs to promote awareness of sexual misconduct, domestic violence, dating violence and stalking. These education programs include primary prevention and awareness programs for all incoming students and new employees. These programs include: a statement that these crimes are prohibited at CCV; definitions of consent, domestic violence, dating violence, sexual assault, and stalking under Vermont state law; safe and positive bystander intervention; information on reducing risk by recognizing warning signs of abusive behavior and avoiding potential attacks; and information about CCV's institutional disciplinary procedures.

All new students and employees are made aware of the College's Policy 311: NON-DISCRIMINATION AND PREVENTION OF HARASSMENT AND RELATED UNPROFESSIONAL CONDUCT POLICY, and Policy 311-A, SEXUAL MISCONDUCT. DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT, AND STALKING. These policies educate students and employees and promote awareness. Additionally, all students and employees are regularly provided with the policies and are encouraged to review them at least annually.

Community College of Vermont provides information by asking students to complete four online training modules offered by United Educators:

- [Campus Save](#)
- [Lasting Choices: Protecting Our Campus from Sexual Assault](#)
- [Show Some Respect! Prevent Harassment](#)
- [Healthy Relationships](#)

CCV students also receive information about sexual misconduct policies during New Student Orientation, domestic and dating violence programs in October, and bystander awareness training in February.

Warning Signs of Abuse

Because relationships exist on a spectrum, it can be hard to tell when a behavior crosses the line from healthy to unhealthy or even abusive. The following examples of abusive behavior by an intimate partner are warning signs of abuse and may indicate that your relationship is going in the wrong direction:

- Checking your cell phone or email without permission
- Constantly putting you down
- Extreme jealousy or insecurity
- Explosive temper
- Isolating you from family or friends
- Making false accusations
- Mood swings
- Physically hurting you in any way
- Possessiveness
- Telling you what to do
- Pressuring or forcing you to have sex

(Author Unknown. "Is this abuse?" Love is respect.org at <http://www.loveisrespect.org/is-this-abuse/is-this-abuse>)

Bystander Intervention

- If you see someone in danger of being assaulted:
- Step in and offer assistance. Ask if the person needs help. NOTE: Before stepping in, make sure to evaluate the risk. If it means putting yourself in danger, call 911 instead.
- Don't leave. By remaining at the scene, you are a witness and your presence may deter a

potential perpetrator from taking further action.

- If you know the perpetrator, tell the person you do not approve of their actions. Ask the person to leave the potential victim alone.
- Be an ally:
 - When you go to a party, go with a group of friends. Arrive together, check in with each other frequently and leave together.
 - Have a buddy system. Don't be afraid to let a friend know if you are worried about her/his safety.
 - If you see someone who is intoxicated, offer to call a cab.
