

CCV Study Away Fall 2017 Fact Sheet

Ethnicity and Diversity in the United States with Travel to New York City: SOC-1020-VM01

Course Information

Join CCV on a journey to America's largest metropolis! The Fall 2017 study abroad class, Ethnicity and Diversity, will culminate in an eight-day trip to New York City, where students will experience the food, music, art, literature, film, and cultures of immigrant populations in one of the most ethnically diverse cities in the world. A major focus of this course will be on understanding the complexities of America's immigration history, as well as its implications for today's social, economic, and political climates. Exploration of the city, which includes working and studying with students from Brooklyn Tech High School, will provide a unique opportunity to expand perceptions of the global community and our place within it.

See www.ccv.edu/studyabroad for more information and application packet.
