### FEES

The CCV Study Abroad course fee covers all scheduled program expenses. Students are expected to pay for the following additional expenses:

- domestic travel to the point of departure from the USA
- fees for passports, visas, tourist cards, and identification cards
- all meals not included in program
- pre-travel medical expenses (e.g. inoculations) and prophylactic medicines
- expenses for student books and supplies
- tips, laundry, telephone calls, postage, gifts
- all other such expenses

Fees as quoted in the course materials have been established based on all known circumstances at the time of calculation. However, due to the nature of Study Abroad programs and the economies of host countries, CCV reserves the right to change its fee without notice prior to the published date of no refund. After that date, CCV reserves the right to modify the program to adjust to any necessary monetary revisions. **If there is a fee increase prior to the published date of no refund (September 5, 2014) and a student chooses to drop the course, the course fee will be refunded in full.** Tuition and registration fee refunds will be refunded according to CCV's Refund Policy.

### PAYMENT

As with all CCV courses, students are not officially enrolled until tuition and fees are paid in full. CCV's Payment Policy states: To complete the registration process, you must provide payment in full or proof of alternative payment, such as financial aid, support from an agency or employer, or use of CCV's new payment plan. Any pending debts must be cleared before enrollment.

### WITHDRAWAL REFUND PROCEDURES

**Tuition and Registration fees** will be refunded according to CCV's Refund Policy. **Prior** to September 5, 2014, if a student drops or withdraws following CCV's policy, the **course fee** will be refunded in full.

**AFTER SEPTEMBER 5, 2014, THERE WILL BE NO COURSE FEE REFUND.**

If a student believes individual circumstances warrant an exception to these procedures, a written request with supporting documentation should be sent to the Dean of Students. Under no circumstances will the airfare portion of the fee be refundable or any other non-refundable expense.

### PROGRAM CHANGES

Although CCV will attempt to maintain its Study Abroad program as described in its publication, CCV reserves the right to terminate or alter a program at any time and for any reason, with or without notice, and shall not be responsible for any expenses or losses resulting from such changes.

## **INSURANCE**

CCV will provide students with overseas illness and accident insurance through an outside carrier as specified in that carrier's accident and illness policy sent to students prior to departure. The course fee covers the cost of this insurance. All students should read this carefully and arrange personally for any supplemental coverage (i.e. Travel Insurance) desired. CCV makes no representation as to the availability or level of proficiency of medical care. Responsibility for medical treatment of pre-existing conditions rests solely with the student.

If CCV incurs any expense on behalf of a student that is not covered by insurance, the student agrees to make immediate repayment upon return.

CCV cannot refund students who are unable to travel. We recommend students consider purchasing supplemental travel insurance. There are a variety of plans available for purchase, but students might consider purchasing a policy that reimburses travel costs if students are unable to travel due to illness, inclement weather, work obligations, unplanned airline strikes, etc. It is important to note that most travel insurance providers require that you purchase insurance within a specified number of days after the trip has been paid.

## **WAIVER AND RELEASE**

Although CCV has made every reasonable effort to assure students' safety while participating in the program, there are unavoidable risks in travel overseas, including those associated with strikes, civil unrest, war, weather conditions, and other possibly dangerous conditions that are beyond the control of CCV. By your signature below, you voluntarily assume and accept these risks and you hereby release and promise not to sue CCV or the VSC, its trustees, officers, and agents or any of them, for any damages or injury (including death) caused by, deriving from, or associated with such risks, except for such damages or injury as may be caused by gross negligence or willful misconduct of the employees, agents of CCV or the VSC.

If you have any outstanding warrants against you, you may be detained either at departure or arrival back in the US. If you are apprehended, there is nothing the college can do to intercede. Also, if you have a criminal record, it is your responsibility to research the implications for travel abroad. The college cannot be held responsible for any security procedures. If you anticipate there may be a delay at the airport, please let CCV staff know ahead of time.

## **AIR TRANSPORTATION**

CCV, as the student's agent, arranges for scheduled air transportation through an airline or travel agent. Students agree that CCV assumes no responsibility or liability for death or injury to the student or for loss or damage to property (including baggage) resulting from the provision of air transportation and other services. *Additionally, CCV will in no way be financially responsible for any additional costs incurred by the student due to airline delays or cancellations.* The passenger contract in use by the airlines, when issued, will constitute the sole contract between airline and the passenger. CCV will designate the times and ports of departure for all group transportation during the program and will arrange for assembly at the designated times and places. However, each student is solely responsible for any missed connections due to failure to assemble in a timely manner. CCV will be in no way liable for the cost of alternate transportation or for any losses resulting from the student's failure to use the designated transportation.

Upon departure, the student must present a passport or travel document that matches the name on the passenger manifest. Obtaining a passport and any other required travel documents is the sole responsibility of the student. If not a US citizen, the student accepts responsibility to obtain all visas and required documents to enter all countries on the itinerary. The inability to obtain these visas and other documents does not constitute grounds for a refund after September 5, 2014.

**PASSPORTS MUST BE VALID FOR AT LEAST 6 MONTHS AFTER JULY 1, 2015.**

## **PARTICIPATION**

Students are required to participate fully in all program components. Students are required to comply with all policies and procedures of CCV. **NOTE: Students must be in compliance with the course attendance policy in order to go on the trip**

## **PROGRAM RESTRICTIONS**

**NOTE: all rooms are double. Single room supplement is \$275.**

Certain activities deemed potentially dangerous to individual safety and program integrity are not permitted and are grounds for dismissal. These include, but are not limited to: hitchhiking, driving, accepting rides offered by locals, motorcycling, parachuting, bungee jumping, hang-gliding, riding in private airplanes, rock climbing, white water rafting, and scuba diving. Independent activities during the program are limited and restricted. In general, behaviors that are deemed by CCV to put yourself or others at risk are not permitted and you agree to abide with any limitations.

Students agree to remain with the scheduled program for the entire period, up to and including arrival back in the USA.

A student who leaves the scheduled program at any time without authorization from CCV will be considered withdrawn. Travel expenses incurred due to a premature return to the USA from abroad, either alone or accompanied, must be borne by the student. By leaving the program, the student accepts all risks and damages that result from the departure.

## **DISMISSAL**

CCV, in its sole discretion, reserves the right to dismiss any student for the following reasons: failure to participate fully in all program components, failure to observe published policies or procedures, failure to disclose material information requested by the college (e.g. health information, criminal background), ill health that interferes with effective program participation, or conduct that is, in the sole judgment of the Dean of Students or designee, improper or offensive to the host community, potentially detrimental to the health or safety of the student or other members of the program, or inappropriate for the program or for study in a cross-cultural environment. Examples may include, but are not limited to, the use of drugs, unacceptable sexual behavior, or excessive alcohol consumption. In the event of dismissal, travel expenses incurred due to a premature return to the USA from abroad, either alone or accompanied, must be borne by the student.

**NOTE: Using illegal drugs or excessive drinking is simply not permitted.** Being impaired limits the ability to function as a member of the class, may cause tardiness, impacts negatively on the group, and is offensive to our host community. Drunkenness at any level is not allowed.

## **HEALTH AND SAFETY**

As with any experience involving travel, **students should understand that they will be doing a moderate amount of physical activity and should be in good health.**

To protect your health while overseas, you may need certain pre-departure immunizations followed by reasonable health precautions while in the country. The risks of acquiring disease can vary greatly. Questions or concerns should be directed to the U.S. Center for Disease Control and Prevention (CDC) in Atlanta: [wwwnc.cdc.gov/travel](http://wwwnc.cdc.gov/travel) or your own physician. For a list of travel clinics in Vermont visit [www.travelhealthresource.com/clinics/VERMONT.asp](http://www.travelhealthresource.com/clinics/VERMONT.asp).

***CCV requires study abroad participants for all trips to provide documentation that you have received the immunizations listed below.*** Please note that students born prior to 1957 are exempt. Students will need to provide documentation for the following immunizations:

1. Tetanus Booster (Tdap/Td) within the past 10 years.
2. MMR (Measles, Mumps and Rubella) vaccine 2 doses **or** positive titer test.
3. Varicella (Chickenpox) – statement student has had the Chickenpox **or** 2 doses of the Varicella vaccination **or** positive titer test.
