

College Parking Recommendations

The town of Brattleboro has 2 parking lots within a 3-minute walk of new our front door that are very conducive to student parking needs – the **High Grove Parking Lot** and the **Transportation Center/ Parking Garage**.

Both are “pay and display” lots with a 10-hour limit and a rate of 30 cents per hour. Parking rates are in effect Monday – Saturday from 9:00am-6:00pm.

For short-term college business parking, there are 5 reserved spaces opposite our entrance for quick drop off / pick ups and brief appointments. (Use of these spaces is monitored.) The Harmony parking lot is another short-term option. It is a “pay and display” lot costing 60 cents per hour with a 3-hour limit. Be advised – this area is well patrolled and violaters are ticketed! We **do not** recommend parking here during a class or an extended stay.

A **Smart Card**, a pre-paid debt like card for parking, is a good option to consider.

Smart Cards work at pay and display boxes by swiping your card when you enter and selecting the time you need. These are available at the transportation center in the parking enforcement office on the first floor on Flat street. The cost of a card is five dollars, plus whatever amount you wish to pre-pay. You can add funds to your smart card at the transportation center or at the Chamber of Commerce, just across the street from our building on the corner of High & Main St.

Other parking permits are available for purchase via the town parking office, and vary based on usage. These options will likely be more than what is needed for most students.
