Mission Statement

The Community College of Vermont, a member of the Vermont State Colleges System, supports and challenges all students in meeting their educational goals through an abiding commitment to access, affordability, and student success.

About This Report

The Community College of Vermont prepares this report in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (“Clery Act”).

In November of 1990, Congress passed the Crime Awareness and Campus Security Act, which amended the Higher Education Act of 1965. This act required all postsecondary institutions participating in Title IV programs to disclose security information and campus crime statistics for the three preceding calendar years. The Act was amended in 1992, 1998, 2000 and 2008. The 1998 amendments renamed the law the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act in memory of a student who was slain in her dorm room in 1986.

On March 7, 2013, the Violence Against Women Reauthorization Act (VAWA) was signed into law. VAWA, in pertinent part, amended the Clery Act to require institutions of higher education to disclose statistics, policies and programs related to domestic violence, dating violence, sexual assault and stalking. In addition, the categories of bias for hate crimes were expanded to include bias based on the victim’s actual or perceived gender identity or national origin, in addition to the previous categories of race, gender, religion, sexual orientation, ethnicity, and disability.

This report provides data collected from all twelve CCV Academic Centers, local and state police departments, and from incident reports filed by faculty, staff and students. These reports are analyzed and compiled by the Dean of Administration, the Dean of Students, and their staff.

CCV’s policies and procedures apply to each of its Academic Centers. CCV does not have any on campus student housing facilities, nor does it have any officially-recognized student organizations with off-campus locations.

Each year, the Annual Security Report is made available on CCV’s website and an email notification is sent to all enrolled students, faculty and staff providing a link to the report. Physical copies of this report may also be obtained by contacting:

CCV may report incidents that occur at a CCV center and could be criminal in nature to local law enforcement for investigation. CCV is committed to working with and facilitating investigations in a timely and effective manner. CCV encourages anyone who is a victim or witness to any crime to promptly and accurately report the incident to the police. CCV also encourages the accurate and prompt reporting of all crimes to the appropriate law enforcement agencies when the victim is unable to make such a report. Accurate and prompt reporting of all criminal incidents and emergencies, as well as bias-motivated incidents, is the responsibility of all CCV community members.

Voluntary Confidential Reporting

If you are the victim of a crime, but do not wish to pursue a criminal complaint or internal administrative action, you may consider making a confidential report. With your permission, your academic advisor or your center’s executive director can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to address the safety of yourself and others. If applicable, confidential reports are counted and disclosed in

the annual crime statistics for CCV, without disclosing the reporter's personally-identifiable information.

Professional Counselors

CCV does not offer counseling services; however, an individual may seek support and use the resources listed below. Confidential community resources will not share information with the College unless there is imminent threat to self or others.

Additional resources (local, state, and national) can be found [here](#). Further information about college safety and security may be obtained by calling Andy Pallito, Dean of Administration at 802-828-2800 or Linda Lawrence, Assistant Director of Operations at 802-654-0650 (0650 within CCV).

Security and Access

The Community College of Vermont owns, leases and maintains its academic centers for the primary purpose of meeting its mission of teaching and learning. During their hours of operation, [CCV's facilities](#) will be open to students, employees, guests and invitees. During non-operation hours, doors will be locked. Individuals with administrative responsibility for each academic center will have access to the centers after hours.

Timely Warnings

CCV provides for the issuance of timely warnings by hosting the RAVE Alert Emergency Notification System. All students, faculty and staff are automatically enrolled to receive RAVE alerts unless they proactively choose NOT to receive them. The decision to issue a timely warning will be made on a case-by-case basis through consultation with local law enforcement, CCV's dean of administration, CCV executive directors, or other appropriate

College personnel. In most instances, the dean of administration or the assistant director of operations will issue the alert.

Emergency Response and Evacuation Procedures

CCV will immediately notify the CCV community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health and safety of students or employees occurring on any (or all) of CCV's academic locations. An immediate threat includes an imminent or impending threat such as a fire raging in a building, the approach of an extreme weather event (such as a hurricane), earthquake, gas leak, terrorist incident, armed intruder, bomb threat, explosion, civil unrest or rioting, nearby chemical or hazardous waste spill, or an outbreak of meningitis, norovirus or other serious illness. A power outage, snow closure, or string of thefts, for example, would not necessitate an emergency response.

In the event of an emergency that threatens one or more CCV locations, a warning will be sent to the CCV community, advising them of the threat by means of a RAVE alert. All current students, faculty and staff are automatically enrolled to receive RAVE alerts unless they specifically choose to NOT receive them. RAVE provides broad-based or targeted communication notifications to students, staff and faculty on mobile phones, email and land lines. Additional information will also be posted on the CCV website and/or portal.

Each CCV academic center prepares for and drills twice per year for emergency evacuations and intruder alerts. Procedures are posted in classrooms, common areas, and are available from the front desk at each academic center. Drills are routinely coordinated with local emergency response teams to ensure that procedures are appropriate and to promote a cooperative relationship between the college and local emergency response teams. The Assistant Operations Manager keeps a log of completed drills, which notes any irregularities that may have occurred.

When CCV has confirmed that a significant emergency or dangerous situation exists, the College considers the safety of the campus community, determines what information to release about the situation, and begins the notification process. The names and identifying information of victims are typically withheld from warnings. CCV will not issue a notification for a confirmed emergency or dangerous situation if doing so will compromise efforts to assist a victim, contain the emergency, respond to the emergency, or otherwise mitigate the emergency. For example, a notification might not be released at the request of local law enforcement or fire department officials.

CCV's Crisis Management Team is comprised of the following individuals who are responsible for receiving information relating to incidents and situations, evaluating and confirming the level of emergency or threat to the college and managing the notification

process. Joyce Judy, President; Andy Pallito, Dean of Administration; Katie Mobley, Dean of Enrollment and Community Relations; Tapp Barnhill, Dean of Academic Center Administration; and Linda Lawrence, Assistant Director of Operations. This team may be supplemented and supported by other college individuals depending upon the particular circumstances of the incident, such as CCV's marketing and communications team who coordinate and manage internal and external communications.

For additional information, see [CCV Emergency Reference Guide](#).

Substance Use and Abuse

Community College of Vermont (CCV) seeks to maintain a positive working and learning environment in its academic centers, classrooms, and at its related events. CCV restricts the use of alcohol and prohibits the use of illicit drugs and/or controlled substances, tobacco products and devices, or any substances that may inhibit healthy academic or professional interaction by staff, students, or faculty members.

1. In accordance with [VSC Policy 314](#), tobacco use is prohibited in all CCV academic centers. Tobacco use is defined as the burning, lighting or use of a tobacco product and any other smoking or vaping device that includes, but is not limited to cigarettes, cigars, electronic cigarettes (e-cigarettes), and pipes.
 - a. The College will make available educational materials and programs related to alcohol and substance use and abuse, including referral information on counseling and rehabilitation.
 - b. Persons whose behavior violates the VSCS Tobacco Use Reduction and Prevention Policy may be subject to the provisions of the Disruptive Person Policy.
2. Alcohol may not be served or consumed at CCV academic centers.
 - a. In rare instances, exceptions to serving alcohol may be made. Alcohol may not be present or provided without the expressed written permission of the executive director and the president.
 - b. At appropriate off-site CCV functions, alcohol may be served if it is legally permitted and where non-alcoholic beverages are also available.
 - c. Alcohol may not be served or paid for by the College, under any circumstances.
 - d. Anyone in violation of the College's alcohol policy will be subject to the Conduct Resolution Process set forth in the Student Code of Conduct. The College may

notify the appropriate authorities if anyone under 21 years of age is found to be procuring, possessing, or consuming alcohol illegally under the provisions of Title 7, Vermont State Statutes Annotated, Chapter 21.

3. The possession, use, or distribution of illicit drugs and prescription drug misuse are prohibited at the College or College-related events.
 - a. Any persons suspected of possessing, using, or distributing illicit drugs or misusing prescription drugs at the College or College-related events may be questioned immediately by a supervisor or other appropriate college official.
 - b. Anyone who possesses, uses, or distributes illicit drugs or misuses prescription drugs at the College or College-related events may be dismissed from employment, other contractual or professional responsibilities, or academic programs.
 - c. Despite the change in Vermont state law, federal law continues to classify marijuana as a controlled substance and prohibits marijuana use, possession, and distribution at educational institutions and on the premises of all recipients of federal funds. Accordingly, CCV prohibits the use, possession, and distribution of marijuana at the college and college-related events.
 - d. Violations of the College's drug policy or of State or Federal law will likely result in disciplinary action and/or criminal charges. Any student found to be in possession of any drug declared illegal under the provisions of Title 18, Vermont State Statutes Annotated, Chapter 84, or in possession of any associated paraphernalia may be subject to investigation under the Conduct Resolution Process set forth in the Student Code of Conduct.
 - e. The Anti-Drug Abuse Act of 1988 requires that employees convicted of illicit drug use in the work place report such convictions to their employer within five days; the college must then report such convictions to the appropriate federal agency within ten days.
 - f. Under federal regulations, a student convicted of a drug related felony or misdemeanor that took place while the student was receiving Federal Student Aid, will become ineligible to receive further aid for a specified period of time upon conviction. Federal Student Aid includes grants, loans, and work assistance otherwise provided to eligible college students under Title IV of the Higher Education Act.

Policy 311: *Non-Discrimination and Prevention of Harassment and Related Unprofessional Conduct*

VSC Policy 311 prohibits discrimination and harassment on the basis of a person's race, color, ancestry, ethnicity, national origin, place of birth, sex, sexual orientation, gender identity, creed, religion, disability, age, veteran status, marital status, genetic information, positive HIV-related blood test results, or any other status protected by state or federal laws. Sexual harassment is illegal and CCV will not tolerate sexual harassment of its students and employees, nor will the College tolerate related unprofessional conduct by its employees that leads to and is associated with sexual harassment.

In the academic context, sexual harassment may be used to describe a wide range of behavior between students, between employees, or between students and employees. Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment.

- (3) ‘Reasonable person’ means a reasonable person in the victim’s circumstances.
- (4) ‘Stalk’ means to engage purposefully in a course of conduct directed at a specific person that the person engaging in the conduct knows or should know would cause a reasonable person to fear for his or her safety or the safety of another or would cause a reasonable person substantial emotional distress.

13 V.S.A. § 1062. Stalking

13 V.S.A. § 1064. Defenses

“In a prosecution under this subchapter, it shall not be a defense that the defendant was not provided actual notice that the course of conduct was unwanted.”

Preventing and Responding to Sexual Violence

Sexual misconduct and sexual violence can create difficult emotional issues for victims. Through regular educational programs, CCV seeks to promote awareness and to inform students of risk reduction strategies and of the steps to take in the event of sexual misconduct. Copies of, or links to, Policy 311-A are made available annually to all students and employees.

Victims of SEXUAL MISCONDUCT, DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT, AND STALKING have the option to:

- Notify law enforcement;
- Obtain assistance from campus authorities in notifying law enforcement; or
- Not notify law enforcement.

A victim who chooses not to notify law enforcement immediately has the option to notify law enforcement at a later time. A victim may also choose to pursue a criminal complaint and a complaint through CCV’s institutional disciplinary procedures simultaneously.

CCV is committed to taking action against those who violate its policies. A finding of responsibility for violating Policy 311-A can result in disciplinary sanctions up to and including dismissal from the College, in addition to criminal prosecution and criminal penalties. The College is also committed to assisting victims of sexual violence, regardless of whether the conduct occurs on or off campus.

If you are a victim of sexual assault:

- Get to a safe place as soon as possible. Contact a trusted person for support. This could include a parent, a friend, or any of the resources listed below:

- Preserving evidence that may assist in proving that an alleged criminal offense occurred is important and may be helpful in obtaining a protective order. Do not wash, go to the bathroom, or change clothing, if it can be avoided. This will help to preserve physical evidence, should you choose to take legal action. If you must change clothing, all of the clothing worn at the time of the assault should be put in a paper bag (not plastic).
- Seek medical attention as soon as possible.
- Decide what actions to take (see below).

Everyone is strongly encouraged to report alleged violations. All CCV employees are required to report any alleged violation of which they are aware or made aware to the Associate Dean of Students (Title IX Coordinator). Reports of alleged violations will be included in the College’s crime statistics. However, a victim’s personally identifiable information will not be included in any publicly-available record, including the reporting and disclosure of annual crime statistics.

CCV provides victims with a written explanation of their rights and options. Choosing not to request official action at the time of the incident does not preclude a victim from requesting action at a future date, although the process of adjudication becomes more difficult over time. Please note, that where circumstances warrant, CCV may report and/or investigate an alleged violation even if an alleged victim chooses not to file a complaint. Alleged victims may choose not to participate in the investigation.

The institutional disciplinary process provides a prompt, fair, and impartial investigation and resolution. The process is conducted by officials who receive annual training on issues

related to sexual misconduct (including sexual assault), domestic violence, dating violence, and stalking and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. CCV uses the preponderance of the evidence standard (i.e. whether it is more likely than not that a violation occurred).

The accuser and accused are entitled to the same opportunities to have others present during a disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by an advisor of their choice. Both the accuser and accused are simultaneously informed, in writing, of: (a) the outcome of any College disciplinary proceeding that arises from an allegation of sexual misconduct, domestic violence, dating violence, or stalking; (b) the College's appeal procedures; (c) any change to the result that occurs prior to the time that the result becomes final; and (d) when the result of the disciplinary proceeding becomes final.

Support and Assistance

Court Orders

CCV is committed to ensuring the safety and well-being of individuals who are being or who may have been subjected to sexual misconduct, domestic violence, dating violence, sexual assault, or stalking. They may have the right to obtain orders of protection, restraining orders and/or relief from abuse orders from Vermont courts. Upon request, CCV will assist them in making contact with law enforcement authorities and other external resources to seek such orders. This assistance is available regardless of whether an individual chooses to file an internal complaint with CCV.

Protective Measures

Sometimes it may be necessary to take steps to protect the rights and interests of an individual before or during an investigation so that the individual feels safe in his or her work or educational environment. Upon request, the Title IX Coordinator, with the assistance of other CCV officials as appropriate, will provide victims of sexual misconduct, domestic violence, dating violence, sexual assault, or stalking with changes to academic, transportation, working and/or living situations or other protective measures, if reasonably available.

Individuals do not have to file a formal complaint, participate in a disciplinary process, or file a criminal complaint in order to request such help from CCV. CCV will take reasonable steps to maintain as confidential any accommodations or protective measures provided, to the extent that maintaining such confidentiality does not impair CCV's ability to provide the

accommodations or protective measures. Examples of possible measures that may be taken prior to the final outcome of any disciplinary process or criminal charge, include: changing academic or work schedules; permitting students to withdraw from or retake a class without penalty; leaves of absence; facilitating access to academic support services; providing written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims at the member College and/or in the community; issuing no contact and no trespassing orders; and increasing security. Factors that may be considered include, but are not limited to, the following: the specific need expressed by the requesting individual; the age and position of the individuals involved; the severity or pervasiveness of the alleged conduct; any continuing effects on the requesting individual; whether the individuals involved share the same classes, transportation or job location; and, whether any judicial measures, such as court orders, have been taken to protect the requesting individual.

Interim measures may be offered as appropriate to the respondent, as well as to the complainant. Assessment of a party's need to receive an interim measure will generally be made on an individualized basis, as appropriate, based on the information gathered by the Title IX Coordinator. The measures needed by each party may change over time and the Title IX Coordinator should communicate with the parties to evaluate whether the measures provided are necessary and effective based on the parties' evolving needs.

Any measure taken should seek to minimize the burden on the victim while respecting the due process rights of the person accused of engaging in the prohibited conduct. The imposition of any of these measures does not indicate a presumption of guilt, nor does it preclude subsequent disciplinary action. A no contact order in and of itself does not constitute discipline and will not appear in an employee's personnel file or on a student's disciplinary record, but refusal to comply with a no contact order (or other protective measure) is a violation of policy and may result in disciplinary action. A no trespass notice prohibits the presence of an individual in a designated area. Such notices are legally enforceable and, if violated, may lead to arrest.

Interim Suspension

If CCV has reasonable cause to believe that a student accused of violating Policy 311-A poses a substantial threat to him or herself, the alleged victim, other people, property, or the continuance of normal CCV operations, CCV may suspend the student for an interim period, pending the outcome of the disciplinary process. Careful consideration should be given to alternative interim measures, such as changing class schedules and issuing no contact orders or building access restrictions, before imposing an interim suspension, so as to avoid depriving a student of his or her education where possible.

An interim suspension may not be imposed without prior notice to the student (either written or oral) of the contemplated suspension and the factual basis for it. The student shall have forty-eight hours in which to submit a letter to or appear personally before the Dean of Students (or the Dean's designee) to contest the interim suspension. The Dean of Students (or the Dean's designee) shall consider: (1) the reliability of the identification of the student; and (2) whether the alleged conduct, if true, based on the surrounding circumstances, reasonably indicates that the continued presence of the student on campus poses a substantial threat to him or herself, the alleged victim, other people, property, or the normal operations of CCV. The Dean (or the Dean's designee) may require the student to meet certain conditions in lieu of an interim suspension. Unless the Dean of Students (or the Dean's designee) determines that it would be unreasonably difficult or dangerous to delay the interim suspension, the student shall have the opportunity to be heard in person or in writing before the interim suspension takes effect.

Overview of Disciplinary Procedures

The following is an overview of the disciplinary process. A copy of the Chancellor's Implementing Procedures for Policy 311-A can be found on the VSC website [here](#). These are the procedures that will be followed in cases of sexual misconduct (including sexual assault), domestic violence, dating violence, and stalking. Additional information is also available on the VSC's RESOLVE/Title IX website [here](#), which contains helpful handouts, including [this](#) overview of the investigative process.

CCV may investigate and pursue disciplinary action against a person accused of violating Policy 311-A even if the alleged victim chooses not to file a formal complaint. Once a formal complaint has been filed, alleging that an incident of sexual misconduct, domestic violence, dating violence, or stalking has occurred, the respondent whose conduct is the subject of the complaint will be notified of the allegations and given a copy of the complainant's written statement.

The Investigation

Two impartial, qualified, and trained investigators will be appointed. The investigators shall conduct an investigation that is thorough, impartial, and appropriate under the circumstances. The nature and scope of the investigation is within the discretion of the investigators. The complainant and respondent will be asked to identify relevant evidence they would like the investigators to review, as well as witnesses they would like the investigators to interview and questions they would like the investigators to ask the witnesses. The investigators have discretion as to what evidence to pursue and witnesses to

interview, depending on their determination of what they reasonably believe to be related to the issues in dispute. The parties will not be permitted to question or cross-examine each other during the course of the investigation but, if they wish, may provide a list of questions they would like the investigators to ask the other party. The investigators have discretion as to whether to ask such questions precisely as posed, or at all, depending on their determination of what questions would reasonably lead to the discovery of relevant information. Questions about the complainant's sexual history with anyone other than the respondent shall not be permitted.

At the conclusion of their investigation, the investigators shall prepare a report setting forth their findings and recommendations. The investigators shall endeavor to prepare their report within forty-five (45) calendar days from their appointment to serve as investigators, excluding scheduled breaks during the fall and spring semesters. This timeframe may be extended for good cause with written notice to the parties of the delay and the reason(s) for the delay. The complainant and respondent will each be given the opportunity to review the investigators' report and to provide a written response to the report to the investigators within seven (7) calendar days. The final report, along with copies of the complainant's and respondent's written responses, shall be sent to the Title IX Coordinator, the Responsible College Administrator (RCA), the complainant, and the respondent.

CCV will, upon written request, disclose to the alleged victim of a crime of violence or a non-forcible sex offense, the results of any disciplinary hearing conducted by CCV against a student who is an alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, CCV will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

Determination and Sanctions

1. Student Respondents

The RCA is not bound by the investigators' report and may accept or reject the investigators' recommended conclusion, in whole or in part, or may request additional relevant information before making a final determination. The complainant and respondent may request to meet individually with the RCA before a final determination is made and may be accompanied by an advisor of their choosing. The advisor may confer privately with the individual but cannot act as a speaking advocate. The RCA may request to meet with either party or any other person(s) the RCA considers appropriate before making a final determination. The parties have seven (7) calendar days from the date the report is sent to the RCA to request a meeting with the RCA.

After conducting any such meetings and considering the investigators' report, any supplements to the report, and any additional relevant information, the RCA will issue a determination as to whether a violation of Policy 311-A (or a violation of other CCV or VSC policies, if applicable) occurred. The determination will be based on the preponderance of the evidence standard.

If the RCA determines that a student has engaged in conduct that violates this policy (or other CCV or VSC policies, if applicable), the RCA shall impose disciplinary sanctions on the student. The RCA shall consider what sanctions are: (1) fair and appropriate given the facts of the particular case, including whether the respondent has accepted responsibility for his or her actions, and the impact of separating a student from his or her education; (2) consistent with the sanctions imposed in similar cases; and (3) adequate to protect the safety of the complainant and the CCV community.

Possible disciplinary sanctions include verbal and written warnings, written reprimands, education, counseling, loss of privileges, probationary status, suspension, dismissal/expulsion, revocation of degree, and/or withholding of transcript or other action determined to be appropriate under the circumstances. The sanctions of probation, removal from College housing, and suspension will be for a particular period of time, ranging from a number of days to a number of semesters, as determined on a case-by-case basis.

Regardless of the finding, other non-disciplinary action may be taken as appropriate under the circumstances, including but not limited to room changes, class changes, building restrictions, extracurricular activity restrictions, modification of no contact orders, and other actions to preserve the right of the complainant to a safe environment.

To the extent permitted by law, the complainant and respondent will be notified, simultaneously and in writing, of: (1) the RCA's determination; (2) the disciplinary sanctions, if any, to be imposed; and (3) CCV's procedures for complainants and respondents to appeal the determination and disciplinary sanctions. The notification will include the rationale for the determination and for any sanctions. A copy of the RCA's determination shall be sent to the Title IX Coordinator and to VSC's general counsel.

Absent extenuating circumstances, the RCA will endeavor to issue a determination as to whether a violation of VSC's policies has occurred and the imposition of any sanctions (or other action) within fourteen (14) calendar days after receiving the investigators' report or within seven (7) calendar days of obtaining additional information or meeting with the parties, whichever is later. This period may be extended for good cause, with written notification to the parties, if, for example, the RCA determines that further information or investigation is needed.

2. Employee Respondents

The RCA is not bound by the investigators' report and may accept or reject the investigators' recommended conclusion in whole or in part, or may request additional relevant information before making a final determination.

Within seven (7) calendar days of receiving the investigators' report or any additional relevant information, whichever is later, the RCA shall notify the complainant and respondent, simultaneously and in writing, of the RCA's initial determination as to whether a violation of Policy 311-A (or a violation of any other policy, agreement or handbook, if applicable) occurred and shall outline the discipline, if any, being contemplated, to the extent permitted by law. The determination will be based on whether the RCA finds, by a preponderance of the evidence, that the respondent violated Policy 311-A (or other applicable CCV or VSC policies). The RCA shall consider what sanctions are: (1) fair and appropriate given the facts of the particular case, including whether the respondent has accepted responsibility for his or her actions; (2) consistent with the sanctions imposed in similar cases; and (3) adequate to protect the safety of the complainant and the CCV community.

The complainant and respondent may request to meet individually with the RCA, before a final determination is made, and may be accompanied by an advisor of their choosing. If the respondent is an employee who is covered by a collective bargaining agreement, the procedures and mutual obligations of CCV and the employee regarding disciplinary action delineated in those agreements will apply.

Within seven (7) calendar days of issuing the initial determination or meeting with the parties, whichever is later, the RCA shall notify the complainant and respondent, simultaneously and in writing, of the RCA's final determination as to whether a violation of Policy 311-A (or a violation of any other policy, agreement or handbook, if applicable) occurred and the disciplinary sanction(s) to be imposed, to the extent permitted by law. The RCA shall also notify the complainant and respondent, in writing, as to any right that the parties may have to appeal the determination and disciplinary action, pursuant to the relevant employee collective bargaining agreement or the CCV or VSC personnel handbook for those employees not covered by a collective bargaining agreement. A copy of the RCA's determination shall be sent to the Title IX Coordinator and to VSC's general counsel.

Disciplinary action under existing policies and/or contracts may include verbal warnings, written warnings, written reprimands, probation, suspension, termination of employment,

non-renewal of a contract, or other action determined to be appropriate under the circumstances. The sanctions of probation and suspension will be for a particular period of time, ranging from a number of days to a number of semesters, as determined on a case-by-case basis.

Regardless of the finding, other non-disciplinary action may be taken as appropriate under the circumstances, including, but not limited to, extending and modifying no contact orders, room changes, class changes, work schedule changes, building restrictions, and other actions to preserve the rights of the complainant to a safe environment.

Absent extenuating circumstances, the RCA will endeavor to issue a final determination as to whether a violation of the VSC's or CCV's policies has occurred and the imposition of any discipline (or other action) within the time frame set forth above, however this time period may be shorter or longer depending on the circumstances, including any contractual rights of the parties. The parties will be notified if changes are made to the time-frame. A copy of the RCA's determination shall be sent to the Title IX Coordinator and to VSC's general counsel.

Appeal

1. Student Respondents

In cases where the respondent is a student, both the complainant and respondent have the right to appeal the outcome on the following grounds: (1) procedural error where the error prevented fundamental fairness; (2) the discovery of previously unavailable evidence that could significantly impact the outcome of the case; (3) the determination is arbitrary and capricious; or (4) the sanction is substantially disproportionate to the findings.

Within seven (7) calendar days of receiving the final determination and notification of any discipline or sanctions to be imposed, the parties may appeal to the President of the College (or the President's designee) by delivering a written statement of appeal to the President and to the Title IX Coordinator. The Title IX Coordinator will notify the other party of the appeal and the other party will be given seven (7) calendar days in which to submit a written response to the appeal to the President (or the President's designee), with a copy to the Title IX Coordinator. Both parties will be informed simultaneously and in writing, of (1) any change to the discipline and/or sanctions imposed while the appeal is pending, and (2) the final decision, to the extent permitted by law. The decision of the President (or the President's designee) is final. A copy of the President's decision shall be sent to the Title IX Coordinator and to VSC's general counsel.

2. Employee Respondents

In cases where the respondent is an employee, the respondent's right to appeal shall be governed by the relevant employee collective bargaining agreement or the VSC personnel handbook for those employees not covered by a collective bargaining agreement. The complainant may request to meet with the Chancellor. Both parties will be informed simultaneously and in writing, of (1) any change to the discipline and/or sanctions imposed while the appeal is pending, and (2) the final decision, to the extent permitted by law. A copy of the decision shall be sent to the Title IX Coordinator and to VSC's general counsel.

Informal Resolution

The parties may voluntarily agree to participate in an informal resolution that does not involve a full investigation and adjudication, if all parties consent after receiving a full disclosure of the allegations and their options for formal resolution, and if CCV determines that the particular complaint is appropriate for informal resolution.

Notices

For purposes of this policy, written notifications to the parties and written responses from the parties may be hand-delivered, mailed, and/or sent to or from the parties' official CCV e-mail addresses and/or other e-mail addresses if known to CCV. The same method of communication will be used where practicable for both the complainant and the respondent.

Training

Investigators and Responsible College Administrators receive annual training. The training typically covers issues related to dating violence, domestic violence, sexual assault, and stalking and, as appropriate, on how to conduct an investigation and an adjudicatory process that seeks to protect the safety of a victim, respects the due process rights of an accused, and promotes accountability.

Education and Prevention Programs

CCV has educational programs to promote awareness of sexual misconduct, domestic violence, dating violence and stalking. These education programs include primary prevention and awareness programs for all incoming students and new employees. These programs include: a statement that these crimes are prohibited at CCV; definitions of consent, domestic violence, dating violence, sexual assault, and stalking under Vermont state law; safe and positive bystander intervention; information on reducing risk by recognizing warning signs of abusive behavior and avoiding potential attacks; and information about CCV's institutional disciplinary procedures.

All new students and employees are made aware of VSC Policy 311: *Non-discrimination and Prevention of Harassment and Related Unprofessional Conduct*, and VSC Policy 311-A, *Sexual Misconduct, Domestic Violence, Dating Violence, Sexual Assault and Stalking*. These policies educate students and employees and promote awareness. Additionally, all students and employees are regularly provided with the policies and are encouraged to review them at least annually.

Community College of Vermont provides information by asking students to complete online training modules offered by EverFi. See <https://home.campusclarity.com/>

CCV students also receive information about sexual misconduct policies during New Student Orientation, domestic and dating violence programs in October, and bystander awareness training in February.

Warning Signs of Abuse

Because relationships exist on a spectrum, it can be hard to tell when a behavior crosses the line from healthy to unhealthy or even abusive. The following examples of abusive behavior by an intimate partner are warning signs of abuse and may indicate that your relationship is going in the wrong direction:

- Checking your cell phone or email without permission
- Constantly putting you down
- Extreme jealousy or insecurity
- Explosive temper

- Isolating you from family or friends
- Making false accusations
- Mood swings
- Physically hurting you in any way
- Possessiveness
- Telling you what to do
- Pressuring or forcing you to have sex

(Author Unknown. "Is this abuse?" Love is respect.org at <http://www.loveisrespect.org/is-this-abuse/is-this-abuse>)

Bystander Intervention

If you see someone in danger of being assaulted:

- Step in and offer assistance. Ask if the person needs help. NOTE: Before stepping in, however, make sure to evaluate the risk. If it means putting yourself in danger, call 911 instead.
- Don't leave. By remaining at the scene, you are a witness and your presence may deter a potential perpetrator from taking further action.
- If you know the perpetrator, tell the person you do not approve of their actions. Ask the person to leave the potential victim alone.
- Be an ally:
 - When you go to a party, go with a group of friends. Arrive together, check in with each other frequently and leave together.
 - Have a buddy system. Don't be afraid to let a friend know if you are worried about her/his safety.
 - If you see someone who is intoxicated, offer to call a cab.
