What is an IRS Verification of Non-filing Letter?

An IRS Verification of Non-filing Letter provides proof that the IRS has no record of a filed Form 1040, 1040A or 1040EZ for the year you requested. Non-Tax filers can request an IRS Verification of Non-filing of their 2019 tax return status, free of charge, from the IRS in one of two ways: Online or by paper form.

Online Request - Available at www.irs.gov

Note: This is typically not available if you have never filed taxes before in prior years. If this is the case, please use the paper request process detailed below.

- Click on "**Get Your Tax Record**"
- Click "**Get Transcript Online**" (If at any point, you cannot validate your identity – for example, you cannot provide financial verification information or you lack access to a mobile phone – you may use Get Transcript by Mail, see below)
- Follow instructions for creating an account or log in.
- Select "**Verification of Non-filing Letter**" and in the Tax Year field, select "**2019**".
- If successfully validated, you will be able to view and print your IRS Verification of non-filing letter.

How to fix address matching problems when ordering online

When entering the information into the IRS address matching system note the following:

- The address entered must match the address already on file with the IRS exactly.
- Spelling out the word "street" rather than using the abbreviation "st." can be enough to cause an error.
- Addresses on the IRS system are auto-corrected through a post office program and may not match what you put on your tax return. If you entered your address as it appears on your return and it doesn't work, try using the standardized version of your address.
 - To get a **standardized version of your address:** 1) go to www.usps.com 2) Click Look Up a Zip Code 3) Enter Street Address, City, State 4) Click Find
