## Overview

CCV is a great place to get started on the path to a rewarding, high-demand career in healthcare. The health science degree provides a flexible pathway into allied health occupations as well as advanced study in biological or health sciences. Certificates provide preparation for both clinical and administrative roles, and can be applied to the associate degree and further study in healthcare fields. Whatever path you choose, you'll be well positioned for the workforce or further education.

## Outcomes

Healthcare programs at CCV prepare you for careers such as:

- Community Health Worker
- Medical Assistant
- Nurse (requires further education)
- Medical Laboratory Technician

## Median Wage

# \$75,465

Registered Nurse (Bachelor's Degree)

# Choose Your Path.

## Continue Your Education

Nearly half of CCV graduates choose to continue their education beyond an associate degree. To make transfer seamless, easy, and affordable, CCV has agreements with other institutions across Vermont and throughout the region.

**Transfer opportunities include:**

- Health Science(s) at VTSU and Excelsior
- Nursing at VTSU, Norwich, and UVM
- Communication Sciences and Disorders at UVM

Visit [ccv.edu/transfer](https://ccv.edu/transfer) to learn more.

## Get A Job

Connect with CCV's Career Services team for help exploring careers, embarking on a job search, or learning about options to gain experience in the healthcare field. Career Services has partnered with businesses and organizations across the state to host students for informational interviews, job shadow days, and internships. They've also created guides to help you explore career information based on your program of interest.

**Sandy Sherman, Medical Assistant Program**  
Medical Assistant at BMH

"CCV was so supportive and the instructors were just amazing through the whole process. It felt so good to be a part of a learning environment where the instructors and staff really go above and beyond to help...they want people to succeed. It was really refreshing to have that experience."

**Become a Pharmacy Technician**

CCV works side by side with local healthcare organizations to provide pathways to high-demand jobs. One example is a new partnership between CCV and the UVM Health Network that offers an earn-while-you-learn pharmacy technician apprenticeship at UVM Medical Center and Central Vermont Medical Center.
