

PROFESSIONAL STUDIES (A.S.) -- CREATE A FOCUS AREA

The Professional Studies (A.S.) program provides the flexibility to explore academic and workplace opportunities in a variety of career fields. The Professional Studies electives will allow you to meet your career goals and/or transfer to a bachelor's degree in a related field.

You can choose a single focus area of study tied to specific career fields such as Administrative Management, Manufacturing, Banking, Nonprofit Management, Legal Studies, or Human Resource Management to customize your degree to meet your career goals. You will gain direct work experience in your chosen field through Professional Field Experience.

In addition to the outlined focus areas, the Professional Studies degree provides flexible pathways for students to create their own unique degree. You'll want to work with your advisor to ensure you are meeting the core program requirements for the degree.
