

JUNE

RESOURCE HIGHLIGHTS

Energy Savings

Green Savings Smart can help you manage your personal finances while offering ways to reduce your carbon usage—through transportation options, home energy upgrades, and tax credits and incentives. You may qualify for their free one-on-one coaching sessions. Additionally, you can attend our **Bridges Spotlight** event happening on June 20th.

New CCV scholarships

Are you a CCV student with at least one child under 18? Are you interested in building the momentum you need to meet your academic goals? Join Liz Jarvis, CCV's Resource Access Manager, on **June 18th** for a virtual Q&A session about the newly structured **Single Parent and Childcare Assistant Scholarship programs**. As a fun bonus, each registered session attendee will be entered into a raffle for a free CCV hoodie!

ABLE Accounts

If you or a loved one receive disability benefits, you may be eligible to open an **ABLE account**. These accounts allow you to save and invest money **without losing eligibility** for certain public benefits programs, like Medicaid, Supplemental Security Income (SSI), or Social Security Disability Income (SSDI). The money that you save in this account is not subject to federal income tax as long as it is used for qualified disability expenses.

Mark your calendar!

- 6/4- Free family law clinic** for low-income Vermonters. Appointments online or in Burlington. <https://tinyurl.com/freetvlaw>
