VNGTBP – 2024-2025 Academic Year

Any student may apply	Any program	Any enrollment
-----------------------	-------------	----------------

The Vermont National Guard Tuition Benefit Program (VNGTBP) was established as an interest-free, forgivable loan program in 2018 by the Vermont General Assembly to recruit and retain high quality Guard members. This program replaced the National Guard Educational Assistance Program (NGEAP) previously established in 1998. In 2022 the VNGTBP was expanded to include second bachelor's and master's degrees in a pilot program that will be in effect from 7/1/2022 – 7/1/2025.

Eligibility:

- Applicant is an active member, in good standing, of the Vermont National Guard.
- Applicant has successfully completed basic training.
- Applicant plans to attend a **Vermont** university, college (unless the degree program is not available in Vermont), or an eligible training institution offering certificate training or continuing education programs beginning on or after July 1, 2024.
- If pursuing a second bachelor's degree, applicant was not funded for their first bachelor's degree through either VNGTBP or NGEAP.
- Applicant is not in default on a federal education loan.
- Applicant demonstrates satisfactory academic progress.
- Applicant must have exhausted any available post-September 11, 2001 tuition benefits and other federally funded military tuition assistance; provided, however, that this subdivision shall not apply to: (A) tuition benefits and other federally funded military tuition assistance for which the individual has not yet earned the full amount of the benefit or tuition; (B) Montgomery GI Bill benefits; (C) post-September 11, 2001 educational program housing allowances; (D) federal educational entitlements; (E) National Guard scholarship grants; (F) loans under section 2856 of this title; and (G) other nontuition benefits.

Amount: The amount of the award will vary depending upon the institution and/or program in which the student enrolls:

- Award amount at any Vermont State College institution or the University of Vermont will be equal to the in-state resident tuition rate at the relevant institution.
- Award amount at any eligible Vermont private postsecondary institution will be the in-state resident tuition rate charged by the University of Vermont.
- Award amount at an eligible out of state postsecondary institution will be the in-state resident tuition rate charged by the University of Vermont.
- Award amount at an eligible training institution for a non-degree, certificate training, or continuing education program, will be the lower of the institution's standard tuition or the in-state resident tuition rate charged by the University of Vermont.
- Cost of all certificates and credentials received using VNGTBP funds will not exceed the full-time in-state tuition rate charged by the University of Vermont for completion of an undergraduate bachelor's degree.
- The Vermont National Guard Tuition Benefit Program (Interest-Free and Forgivable Loan) (VNGTBP) award is a **LOAN that covers tuition. VNGTBP does not cover fees or room and board.** If the Guard member receives other federally funded military tuition assistance that covers a portion or all of tuition (including Veteran Affairs benefits), the VNGTBP loan amount will be reduced or eliminated, and the school will be required to return funds to VSAC (thereby lowering the amount of the tuition benefit loan).

Selection: Based on whether applicant met all eligibility requirements.

Loan Cancellation: To be eligible for partial/complete forgiveness of this tuition benefit interest free loan, the applicant must:

- Complete two years of service (after the scholarship is first disbursed) in the Vermont National Guard for each full academic year award disbursed. Service commitment is served concurrently with Service Member's current contract.
- For members participating on less than a full-time basis, the service commitment is one month of service for each credit hour attempted not to exceed 12 months of service for a single semester.
- For members participating in training programs, the service commitment is 6 months for each credential earned and 1 month for every credit hour for certificates. Each Guard member may enroll in up to two training program certificates/credentials per term, and up to two terms per year.
- For members who use VNGTBP to attain a graduate degree, must on receipt of the degree and until the individual's service commitment under 16 V.S.A 2857(d) is satisfied, be employed full time in Vermont or, if unemployed be actively seeking full-time employment in Vermont.
- Vermont Student Assistance Corporation (VSAC) annually determines the amount of the interest free loan to be forgiven for each completed year of service.

Termination of tuition benefit: The office of the Vermont Adjutant General may terminate the tuition benefit provided to the applicant if:

- The applicant's commanding officer revokes the statement of good standing due to a "good cause" termination.
- The applicant is dismissed from the educational institution in which the applicant is enrolled for academic or disciplinary reasons, or
- The applicant withdraws without good cause from the educational institution.

If the applicant's tuition benefit is terminated for the above reasons, the applicant will be:

- responsible to repay the tuition paid through the program per the terms of the promissory note,
- responsible on a pro rata basis for the remaining tuition cost for the current semester or any courses in which the applicant is currently enrolled, and
